

Grievance Process

Definition of Grievance: *A grievance exists when a client at any time receiving services within the Community Assistance Network Inc., has a complaint or believes they may have been treated unfairly.*

The purpose of the grievance process is to (a) allow clients to address both individual and program concerns in a fair, orderly, and timely manner; (b) identify problems and conflicts and resolve them with minimal disruption to the operation of assistance being received; (c) provide clients with a process that allows unresolved issues to be resolved by an unbiased higher authority.

Grievance Process

If a client would like to file a grievance, they need to complete the Grievance Form which is posted throughout CAN locations and will be given at the time of request and/or can be obtained from the Community Assistance Network website <https://www.canconnects.org/>. Upon request, the organization will aid in filling out a grievance form. If the grievance is toward any staff member, the completed grievance form should be directed to the Assistant Manager or Manager at that location. See the first point of contact list below. If the grievance is against the Manager, it should be Directed to the Shelter Director, and if it is towards the Shelter Director, it should be directed to the Deputy Director. If the grievance is towards the Deputy Director, it should be directed to the CEO/Executive Director.
