# Join in our mission

Since 1965, the Community Assistance Network has worked in partnership with the community to develop, operate and support programs that empower personal growth, dignity, stability and self sufficiency among vulnerable people in Baltimore County.

## Make an impact

### Safe Shelter

CAN operates two of Baltimore County's largest homeless shelters. In 2023, more than 1,400 people – including 286 children – slept safely in our shelters.

### Healthy Food

CAN's Community Choice Pantry provides a one-week supplement of healthy food to Baltimore County residents based on USDA food pyramid guidelines. In 2023, more than 3,000 people visited our pantry.

### Job Support

CAN provides direct and indirect support with career and budget counseling along with job development to help our neighbors move toward stability and self-sufficiency. In the last six months of 2023, we placed 60 individuals in jobs.

### After School Programs

CAN's after school and aftercare programs provide a safe environment to promote a successful school year and summer break for students and parents.

### Community Resources

CAN's Community Resource Specialists offer support with eviction prevention, financial assistance, utilities, Supplemental Nutrition Assistance Program (SNAP) benefits, job development and much more. In 2023, nearly 600 families avoided eviction with our support.

# Thank You

**Your support helps ensure that CAN achieves its vision and mission for the people of Baltimore County. Thank you!**
